Versatile Pro Cashless

Safe and reliable for everyone

Our technology includes a highly precise orange counter, enabling the operator to **set the exact number of oranges to be juiced.**

Security is guaranteed thanks to a password that gives the operator exclusive access.

If the cover or the juice tank is opened, the machine **stops serving.**

The user is informed of the steps to be followed during the juice serving process.

Two models for the best juice

Choose from two models: the table-top model or the All-in-One version, which comes with a podium.

Two colours designed for today's world: Orange and Black.

Versatile Pro Cashless

Add a little zest to your office

Versatile Pro Cashless is perfect for offices, business centres and self-service areas that are looking to offer freshly squeezed juice to employees or customers.

Simply the fastest

Versatile Pro Cashless includes a **payment system that enables you to pay with any type of card** and enjoy your juice in record time.

Maximum efficiency in the minimum space

The best solution for space constrained locations that would like to install a **superautomatic** machine.

Pay on the go!
