2Service Tap

New tap for a perfect service, more intuitive, functional and easier to clean.
Choose the best way to serve the juice, continuous or discontinuous.
Removable stainless steel bin "in just one click".

PulpOut system

Manual sweeper: slide side-to-side and eliminate the pulp when you want.
W Filter: traditional way of removing pulp; empty-out when ready.

Intelligent Touch

Electronic devices for all models.
Choose the working mode: automatic or professional, the language or the number of oranges you want to squeeze.

Waste management

9 kg more capacity, up to 52 kg of waste.
Cleaning and handling of waste with the new trolley.
Security and mobility increased.

ACCESSORIES

KITS AND KIT L SQUEEZING KIT

This accessory permits squeezing fruit with less than 65 mm diameter (KIT S) and up to 95 mm (KIT L).

DCS SYSTEM

Squeezing soft and very ripe citrus fruit has a solution. There is no fruit that resists its dynamic blades.

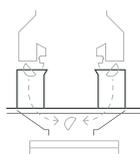

ZUMEX DISPLAY

For you to always have your freshly squeezed juice bottles ready to take away. Available in two sizes.

SELF SERVICE TRAY KIT

Front support that is secured to the module, enabling the tray to be left on it in self-service establishments.

COUNTERTOP KIT

Integrate bar counter waste management in the most practical and clean way with the Counter Bar Kit.

BOTTLE RACK

Ideal for self-service applications, where there is a need to dispense bottles, jars or glasses. Includes three trays.
Zumex Pack, with 6 bottle formats and customizable labels.
